Dedication

In making a mosaic, many small pieces must be carefully fitted into their proper places. If one tiny polished tile is omitted, the picture is incomplete. Just so, in a mosaic of our school life some of the most important fragments have been supplied by you, Mr. Crawford.

- Tiles of advice as sponsor of many student organizations.
- A fragment of encouragement when our bills were so high that it looked as though our mosaic couldn't be completed.
- Bits of suggestions on cooperation and work relationships to make the pieces fit together smoothly.
- And over all a glaze of friendliness, cheerfulness, and sympathetic concern for the needs of others.

For these and many other contributions to the mosaic of our school life, we thank you, Mr. Crawford, and lovingly dedicate to you the 1961 MIZPAH.

President's Message

The MIZPAH of 1961 is more than an ordinary book. It is a record of campus life here at Southwestern Junior College. Long after you have disposed of your texts — Trigonometry, Human Anatomy, American History, and Introduction to Education — you will treasure this volume. In it has been registered a vital part of your life.

Admittedly, we did not achieve all we had hoped this year. Those vigorous resolutions we brought to college in September weakened considerably during the rush and stress of the semesters. Fortunately, this is not the only book to which we contribute in life.

Life is a story of volumes three —
The Past, the Present, and the Yet-to-Be.
The first is finished and laid away;
The second we are living day by day;
The third, the last of the volumes three
Is hid from sight, God holds the key.
—Edgar A. Guest

May the Almighty grant to you even greater success as in the future you continue your pursuit of excellence.

Beautiful... Practical and ALL ELECTRIC

Here's the kind of kitchen young moderns call a *dream* kitchen. Of course, it's electric! . . . with all the magic appliances that mean maximum cleanliness, beauty, speed, efficiency, and a minimum of drudgery!

An electric range for fast, accurate cooking with the automatic features that mean more leisure for you!

An electric refrigerator with generous space for fresh and frozen foods—and engineered to operate at far less cost than older models!

An electric sink . . . with automatic dishwasher and disposal unit to eliminate your two most irksome tasks: dishwashing and disposal of food wastes.

Yes, kitchen work is a snap . . . when it's done at the snap of a switch! So now that graduation is here, and you've begun to think about a kitchen of your *own*, just remember—

Wonderful ELECTRIC appliances make meal-making and hospitality a pleasure!

Oh, we love THE HALLS OF IVY that surround us here today,
And we will not forget tho' we be far, far away.
To the hallow'd Halls of Ivy ev'ry voice will bid farewell,
And shimmer off in twilight like the old vesper bell.
One day a hush will fall,
The footsteps of us all will echo down the hall and disappear,
But as we sadly start our journeys far apart,
A part of ev'ry heart will linger here in the sacred Halls of Ivy,
Where we've lived and learned to know,
That thro' the years we'll see you in the sweet afterglow.

There were times we thought we wouldn't!
There were times we thought we couldn't!
Our minds are wracked,
Our backs are stooped,
The MIZPAH is here and we are POOPED!
